

# My Favorite Sports

My two favorite sports are basketball and soccer. I like them because they are both fast-moving games. Both games also give players lots of freedom, because the action flows back and forth all the time without stopping. They're both fun to practice by yourself, too.

Of course, you play basketball with your hands, while you play soccer with your feet. There's a goalie in soccer to keep the other team from scoring, but in basketball, goaltending is against the rules. Maybe that's why there's a lot more scoring in basketball than in soccer.
