

Jaynestown Recreation Centers

Jaynestown has two recreation centers, each ideally located to serve different parts of town. Haggar Center is located downtown, and Hawk Center is farther north, by Bull Lake.

Each center provides unique activities. Hawk Center has walking paths, but Haggar Center has a rock-climbing wall. Each center has a pool and fitness equipment, too. Hawk Center provides lake activities with canoe, kayak, and sailboat rentals and fishing off the pier.

In addition to these activities, some people enjoy organized classes. Both centers offer swimming classes and personal training. Both Hawk Center and Haggar Center also offer dance classes, and Haggar Center has yoga classes. The centers offer similar cooking classes. Haggar Center is the only center with facilities for ceramics. On the other hand, Hawk Center has an art studio, including a darkroom for photography classes.
