

# Details

- 1.** The roots of a plant take food from the soil.  
The food travels up the plant's stem to other parts.  
Leaves make food from sunlight.  
Flowers have seeds, which will make other plants.  
Each part of a plant has a job.

- 2.** Jesse hung red streamers from the bike's handlebars.  
He wove blue streamers through the spokes of the wheels.  
He taped a flag on the back of the bike's seat.  
Jesse was ready to enter the Fourth of July parade.
